

## CD Retrieve Screenshots

CD Retrieve automatically loads when the user inserts the CD into their PC.

A search dialog box titled "Search..." with three input fields: "Document Type", "Reference Name", and "Reference No.". To the right of the "Document Type" field is a "Search" button, and to the right of the "Reference Name" field is a "Cancel" button.

1.) Perform a search for any scanned document using one of the pre-defined fields.

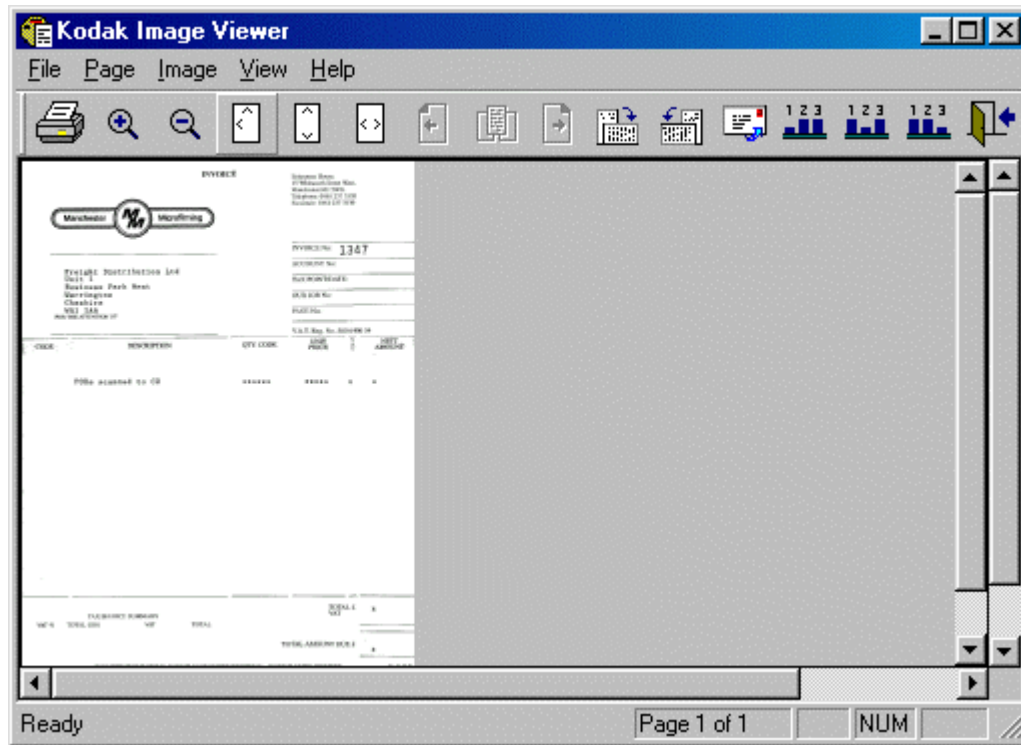

A screenshot of the "CDRetrieve: Retrieval..." application window. The window has a menu bar with "File", "Record", and "About". Below the menu bar is a toolbar with several icons. The main area contains a table with the following data:
